MINI-CURSO

Dr Evaldo M.F. Curado

CBPF, Rio de Janeiro, Brasil

Profesor Visitante del Departamento de Física, UNLP

Temario:

Generalized entropies: H-Theorem and production of entropy

H-Theorem using master or linear Fokker-Planck equations

H-Theorem for generalized entropies using non-linear Fokker-Planck equations

H-Theorem for generalized entropies using a master equation

Production of entropy using master or linear Fokker-Planck equations

Production of generalized entropies using non-linear Fokker-Planck equations

Production of generalized entropies using a master equation

Applications

Días y horarios:

Lunes 30/5	9 a 12 hs	Aula Seminario
Miércoles 1/6	9 a 12 hs	Aula Seminario
Viernes 3/6	9 a 12 hs	Aula ex-Gamboa
