

15th Granada Seminar

Stochastic and Collective Effects in Neural Systems

Biological aspects, Modeling, dynamics, Networks, Function and Applications

<http://ergodic.ugr.es/cp>

15th Granada Seminar on Computational and Statistical Physics

September 17 - 20, 2019

Facultad de Ciencias, Universidad de Granada, Spain

Partial list of scheduled speakers: Ginestra Bianconi (Queen Mary University of London), Lucilla de Arcangelis (University of Campania), Jose Maria Delgado (Universidad de Sevilla), Andrea Gabrielli (ISC-CNR), André Longtin (University of Ottawa), Joaquín Marro (Universidad de Granada), Cyriel Pennartz (University of Amsterdam), Dietmar Plenz (National Institute of Mental Health), Mavi Sánchez-Vives (IDIBAPS), Samir Suweis (Universita di Padova), Yuhai Tu (IBM), Pablo Varona (UAM-Madrid), Rafael Yuste (Columbia University), and many others. Please visit <http://ergodic.ugr.es/cp/> for full programme, abstract submission, lodging, etc.
