

ICMM OFFERS 10 CONTRACTS FOR DOCTORAL THESIS IN MATERIALS SCIENCE

The Materials Science Institute of Madrid (ICMM-CSIC) is searching for 10 individuals interested in completing their doctoral thesis at our center. The contracts are part of the Doctors Training Programme of the Spanish Research Agency. More specifically, “proyectos susceptibles de ayudas para contratos predoctorales 2022 Severo Ochoa y María de Maeztu”, in its 2022 call.

The ICMM (icmm.csic.es) is a prestigious research centre located in Madrid (Spain) aimed at the generation of fundamental and applied knowledge of new materials and processes, and its transfer to the productive sector.

The ICMM looks for young researchers willing to do their PhD in a dynamic, international scientific environment, collaborating with leaders in different fields of Materials Science.

WE OFFER:

- 4 year contract to complete a doctoral thesis, in the framework of the 2022 call: [enlace a la convocatoria de la AEI \(in Spanish\)](#)
- Formative environment with courses and seminar series
- Doctorate Committee to monitor progress
- Topics on the frontier of Materials Science

Research Areas of the positions offered:

MATERIALS FOR DIGITAL INFORMATION: 5 positions

MATERIALS FOR A SUSTAINABLE WORLD: 3 positions

MATERIALS FOR HEALTH: 2 positions

The specific titles and thesis projects will be published 19th January

FORMALITIES:

Candidates must have a degree either in **physics, chemistry, materials science, biology or equivalent**, and a **master before the start of the contract**, scheduled from September 2023

Applications from students that are currently studying a master finishing before September 2024 are accepted.

Interested candidates must fill the following form (in Spanish)

[formulario de solicitud](#) (from 12th January)

DATES AND DEADLINES:

Application submission at ICMC: 12-22 January

Publications of thesis projects and supervisors: 19th January

Sending instructions to submit applications to the Spanish Research Agency: 20-22 January

Deadline Application Submission: 26th January (14:00)

IMPORTANT NOTICE: The Spanish Research Agency call only allows the selection of **one project**. It is not possible to apply for a contract from the list “proyectos PID” and simultaneously from those included in the list “proyectos SO y MDM” as the ones included in this offer

VERY IMPORTANT: Please, check in the web page of the Spanish Research Agency call (in Spanish) that you have all the documents required to complete the application well in advance. More specifically, whether you need electronic signature to finish the process.
