- Prof. Fanny Béron, Universidade Estadual de Campinas (UNICAMP), Brazil
- Prof. Fernando Bonetto, Universidad Nacional del Litoral, Argentina
- Dr. Cristina Bran, Institute of Materials Science of Madrid (CSIC), Spain
- Prof. Vagson de Carvalho-Santos, Universidade Federal de Viçosa, Brazil
- Dr. David Cortes, Utrecht University, Netherlands, and Universidad Técnica Federico Santa María, Chile
- Prof. Pallavi Dhagat, Oregon State University, US
- Dr. Ursula Ebels, CEA-SPINTEC, France
- Prof. Benedetta Flebus, Boston College, US
- Dr. Rodolfo Gallardo, Universidad Técnica Federico Santa María, Chile

- Prof. Marcus Garst, Karlsruher Institut für Technologie (KIT), Germany
- Dr. Gianluca Gubbiotti, Istituto Officina dei Materiali del Consiglio nazionale delle Ricerche (IOM-CNR), Perugia, Italy
- Dr. Miriam Jaafar (to be confirmed), Universidad Autónoma de Madrid, Spain
- Dr. Alexy Karenowska, Oxford University, United Kingdom
- Dr. Denys Makarov, Helmholtz-Zentrum Dresden-Rossendorf (HZDR), Germany
- Dr. Jan Masell, Karlsruher Institut für Technologie (KIT), Germany, & RIKEN Center for Emergent Matter Science, Japan
- Prof. Paula Mellado, Universidad Adolfo Ibáñez, Chile
- Dr. Ester M. Palmero, IMDEA Nanoscience, Madrid, Spain
- Prof. Johans Restrepo, Universidad de Antioquia, Colombia
- Prof. Claudia Rodríguez, Universidad Nacional de La Plata, Argentina
- Prof. Luis Alfredo Rodríguez, Universidad del Valle, Colombia
- Dr. Carlos Rojas-Sánchez, Institut Jean Lamour (IJL), France
- Dr. Katrin Schultheiss, Helmholtz-Zentrum Dresden-Rossendorf (HZDR), Germany
- Dr. Justin M. Shaw, National Institute of Standards and Technology (NIST), US
- Prof. Maria Vélez, Universidad de Oviedo, Spain.
- Dr. Elin Winkler, Centro Atómico Bariloche (CAB-CNEA), Argentina
- Prof. Mingzhong Wu, Colorado State University, US
- Prof. Chun-Yeol You, Daegu Gyeongbuk Institute of Science and Technology (DGIST), Korea

Venue

Puerto Varas is easily reachable from Puerto Montt's airport (30 minutes trip). This area is the gateway to Chilean Patagonia. Located on Llanquihue Lake, Puerto Varas is one of the most beautiful cities in Chile. With an evident German influence, it has been a tourist city since its birth in the XIXth century. It offers a beautiful landscape, good hotels and gastronomic infrastructure, a modern casino, a lake beach, and several outdoor activities. Adventure and Chilean-German tradition, amid an impressive nature, is what Puerto Varas has in store for you. Discover its excellent gastronomy, endemic seafood, magical corners, and waterfront that invite you to walk and contemplate the volcanoes on Llanquihue lake!

Accommodation

The XII-LAW3M will be held at the **Enjoy Puerto Varas Hotel** (Klenner 349, Puerto Varas, Chile), which has several rooms, facilities, and gastronomy options. Enjoy Puerto Varas has a privileged location on the shores of Llanquihue lake, with a beautiful view of the Osorno volcano. The hotel has around 100 rooms available, including single, double, and triple. Nevertheless, we list here some other high-ranked hotel options. We recommend booking accommodation as quickly as possible because Puerto Varas is a touristic city with a high demand for accommodation throughout the year. Here is the list of hotels which we suggest (more options in our webpage).
