

XI Workshop on Novel Methods for Electronic Structure Calculations

La Plata, december 16 and 17, 2024 . Argentina

Dear colleagues and members of the COMPUMAT network,

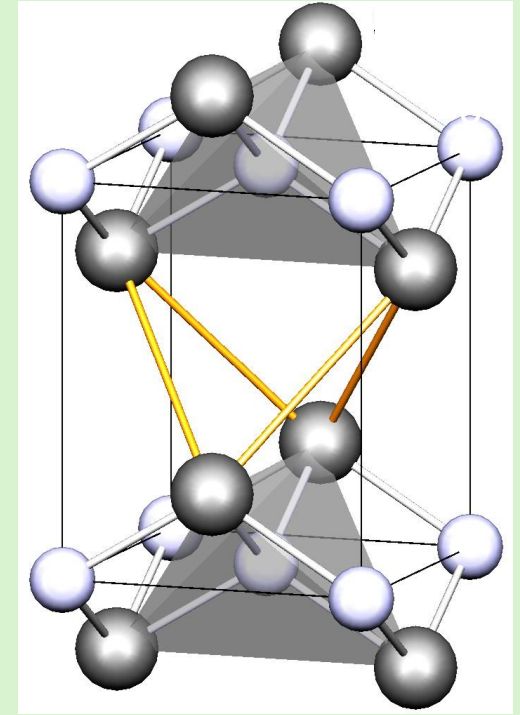

I am pleased to announce a new edition of the Workshop on Novel Methods for Electronic Structure Calculations, in this opportunity we will have the 11th edition.

The workshop will be held in the city of La Plata, Argentina, from December 16 to 17, and between 9am and 5:30pm (Argentine time), the schedules of the speakers in their respective countries, will be according to this period of time.

This edition of the workshop will be carried out completely virtually. The titles and summaries of the talks can be checked at the website of the congress. The link to access the virtual talks will be published later.

The XI WNMESC will begin two days before of “At the Frontiers of Condensed Matter VII 2024 (FCM2024)” (<https://www.Argentina.gob.ar/en-las-fronteras-de-la-materia-condensada-vii>), where the initiative of Dr. Ana María LLois in the creation of FCM meetings will be commemorated. The workshop fully adheres to this celebration because Dr. LLois was also part of the generation of the workshops.

In the "Prof. Dr. Luis Epele" auditorium of the Instituto de Física La Plata (IFLP-UNLP) the talks will be projected.

XI Workshop on Novel Methods for Electronic Structure Calculations

La Plata, december 16 and 17, 2024. Argentina

The XI workshop will be completely free, however, registration is required (**before 3rd of November**), the link of the website where you must register is:

<https://congresos.unlp.edu.ar/xiwnmesc/>

this is necessary to participate in the talks.

The speakers confirmed so far are and the schedule is located below this text.
case you need to contact the organizers, you should do so at the following emails:

eitelp@gmail.com, errico@fisica.unlp.edu.ar, sbramos@yahoo.com

As in previous years, the workshop will overlap with the postgraduate course.

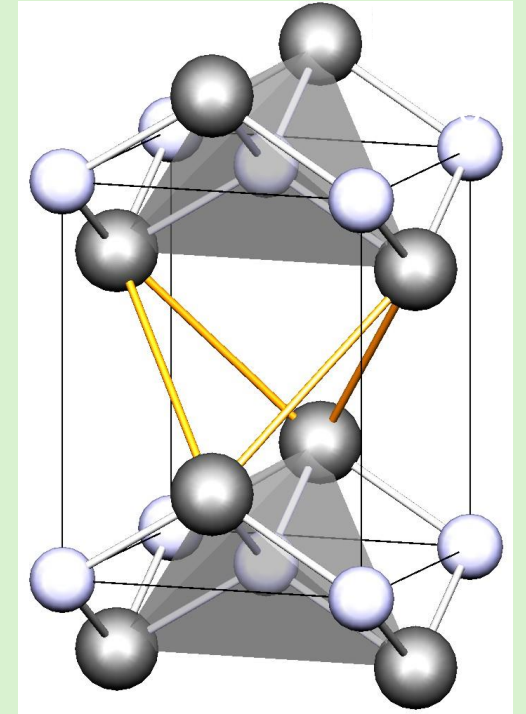

“Introducción a los métodos de modelado computacional en ciencia de los materiales”

The students of this postgraduate course will be considered as automatically registered to the workshop.

We hope you can participate in the workshop, best regards.

Please feel free to redistribute this flyer.

Eitel Peltzer

XI Workshop on Novel Methods for Electronic Structure Calculations

La Plata, december 16 and 17, 2024. Argentina

Schedule	December 16 Monday	December 17 Tuesday
	Opening talk (9:00 – 9:15)	
9:15 – 10:00	María C. ASENSIO	Silvana TUMMINELLO
